

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING
MAR ATHANASIVUS COLLEGE OF ENGINEERING, KOTHAMANGALAM

VISION

Endeavour to Ensure Excellence

MISSION

- Mould technically competent and morally strong Engineers
- Achieve dynamic leadership through quality Education
- Cater the needs of industry and community through Emulation
- Empower the students to serve the nation with Dedication

DEPARTMENT OF
ELECTRICAL AND ELECTRONICS ENGINEERING

MAR ATHANASIVUS COLLEGE OF ENGINEERING,
KOTHAMANGALAM

National Science Day 2017 Celebrations

February 28, 2017

Focal Theme : "Science & Technology for specially abled persons"

Supported by

KERALA STATE COUNCIL FOR SCIENCE
TECHNOLOGY & ENVIRONMENT AND DST, Govt.of India

Organised by :

DEPARTMENT OF ELECTRICAL AND
ELECTRONICS ENGINEERING

Convenor

Prof. Elizabeth Sebastian

HOD, EEE Dept.

Co-ordinators

Prof. Jeena Joy

Prof. Eldhose K.A

Prof. Sera Mathew

ABOUT KSCSTE & DST

The Kerala State Council for Science, Technology and Environment (KSCSTE) is an autonomous body under the ministry of Science and Technology, Kerala, constituted in November 2002 to be an agency for change and development through science and technology. Formerly it was the Science, Technology and Environment Committee (STEC), established in 1972 in concurrence with the Science Policy of Government of India. The Council promotes and activates programs for increasing the stock of knowledge in science, and fine tunes policies which are significant for the sustained development of humanity. The council prepares the road map for development through scientific research and innovation in technologies. Achieving excellence in basic research, academia-industry interactions, strengthening indigenous initiatives, and building strong infrastructure and developing a high quality science education system in the state are the targeted goals of KSCSTE. This has been achieved through various schemes and programs and by the R&D organizations established by the council.

Department of Science & Technology(DST) was established in May 1971, with the objective of promoting new areas of Science & Technology and to play the role of a nodal department for organising, coordinating and promoting S&T activities in the country. The Department has major responsibilities like formulation of policies relating to Science & Technology, Scientific Advisory Committee of the Cabinet (SACC), and promotion of new areas of Science & Technology with special emphasis on emerging areas.

ABOUT NATIONAL SCIENCE DAY

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1930. For his discovery, Raman was awarded the Nobel Prize in Physics in 1930. National Science Day is being celebrated every year to widely spread a message about the importance of science used in the daily life of the people. It gives an opportunity to discuss the issues, display the activities, efforts and achievements in the field of science for human welfare. Every year this day is celebrated with a focal theme, and for the National Science Day 2017, the focal theme is "Science and Technology for Specially Abled Persons".

ADVISORY COMMITTEE

Chief Patron : Dr. Winny Varghese, Secretary, M.A College Association
Patron : Dr. Soosan George .T, Principal, M.A. College of Engg, Kothamangalam

RESOURCE PERSON

Prof. K.G. Satheesh Kumar, Ph.D

Director, Centre for Assistive Technology and Innovation, National Institute of Speech and Hearing (NISH), Trivandrum.

ABOUT THE COLLEGE

Mar Athanasius College of Engineering, established in 1961, the first Engineering College in Asia under christian management, has pioneered in providing quality education to young and aspiring minds. The college is owned and managed by Mar Athanasius College Association and is aided by the Government of Kerala. The college has six full fledged departments offering various undergraduate and post graduate programmes and is recognized by AICTE and affiliated to APJ Abdul Kalam Technological University, Kerala.

ABOUT THE DEPARTMENT

Department of Electrical and Electronics Engineering has the proud tradition of 56 years in moulding thousands of Electrical engineers. The department offers B.Tech Degree in Electrical and Electronics Engineering and M.Tech programme in Power Electronics. The department has meritorious, committed and experienced faculty and has well equipped state of the art laboratories.
